RAINBOW BRAND SEEDS

62 TEST

MILES PROVE new DIP treatment BETTER for SEED POTATOES

Improved Semesan Bel—the new dip treatment—has been proved effective by 62 miles of test rows in 18 states. Costs as little as 1½¢ a bushel of seed. And so quickly applied that one man alone can treat 300 to 400 bushels of seed a day. This quick treatment controls seed-borne scab and Rhizoctonia fully as well as old "soak methods." Increased yields of 13 to 20% have been obtained.

One pound treats 70 to 80 bushels.
Four ounces, 50c; 1 lb., \$1.75; 5 lbs., \$8.00; 25 lbs., \$31.25.

USE CERESAN FOR seed grains and cotton; Semesan Jr. for seed corn; Semesan for vegetable and flower seeds and bulbs.
